

The Global Growth Service (GGS) is a structured, tailored programme of support for globally ambitious business leaders to help drive future growth.

What is in it for you?

- Measure risk, vulnerability and resilience
- Increase organisational resilience to maximise sales
- Create/adapt your international sales strategy
- Align leadership behind agreed direction
- Discover and enter new markets
- Gain competitive advantage

Your commitment

GGS is run by the Department for International Trade to improve your overseas sales. In return, we ask you to report on your successes. Your turnover range should be between £1.25m and £50m.

Our commitment

We will:

- Challenge and guide you through GGS.
- Help you find the best overseas markets for your product or service.
- Explore suitability for UK Export Finance and make introductions.
- Help you adapt your international growth plans.
- Open the whole of our network across all key markets, sectors and partners.
- Help you to access independent providers of the specific services your business needs.
