

Business West Local Skills Improvement Plans Preliminary Findings Amendment Log - Report

Business West strongly believes the success of the LSIPs depends on collaboration and communication. As such we are open to, and positively value, discussing the findings and the wider report contents and suggestions. We are amending, clarifying and correcting our content as we receive input from and have discussions with our key partners and stakeholders and updating the live documents on our Priority Findings Portal. We are logging all amendments with date and time stamps below for transparency. Full details of the amendments are on the second page of our amendment log on the Priority Findings Portal.

Findings Document	Location	Amendment Complete: Initials, Date	Notes
Gloucestershire LSIP Agri-food Priority Findings	https://www.businesswest.co.uk/sites/default/files/gloucestershire_ls	11/04/2023 MT	Amendment/clarification/correction as per feedback from
