- (iii) Where a certificate includes goods of more than one origin, it is permissible to insert in Box 3 the words "As shown in Box 6" and to indicate the country of origin clearly against each item listed in Box 6.

Box 4 Transport details

Although completion of this box is not essential, it is strongly recommended to state the means of transport in order to facilitate identification and association of the Certificate with the consignment of goods to which it relates.

Box 7

State quantity expressed in gross or net weight or other units or measure.

Box 8

The signature on the application form must be a handwritten original signature unless the certificate is produced by an approved electronic system. Applicants must NOT sign box 8 on the Original or Copy Certificates.

RULES TO BE OBSERVED WHEN COMPLETING A CERTIFICATE OF ORIGIN AND THE APPLICATION FOR SUCH CERTIFICATE

- 1. The form shall be completed in typescript in one of the official languages of the United Kingdom or, depending on the practice and requirements of the trade, in any other language. If prepared in a foreign language an English translation is required.
- 2. The certificate and the application must not contain erasures or superimposed corrections. Alterations are to be made by crossing out the erroneous entries and adding the correct entries as required. Any such alteration must be authenticated by the person making it and endorsed by the competent authorities.
- 3. A horizontal line must be drawn immediately below the final entry. Lines must be drawn through unused spaces to make any subsequent addition impossible.
- 4. If the needs of the export trade so require, one or more extra copies of this certificate may be made.
